Re: Status Report No. 3

Dear Ms. Morris, Ms. Kolman, Ms. Rivera, and Mr. Mulvihill:

Pursuant to paragraph B.3 of the Interim Settlement Agreement between the West Goshen Sewer Authority ("the Authority"), the United States Environmental Protection Agency, and the Delaware Riverkeeper Network, the Authority provides the representatives of the parties with the attached semi-annual status report regarding the Authority's efforts to make interim reductions in its discharge of phosphorus to Goose Creek.

The work described in this status report is separate and in addition to the Authority's ongoing efforts to implement the work plan and quality assurance protocols, conduct sampling and field work, and evaluate the data collected in support of EPA's reassessment of whether Goose Creek is impaired due to nutrients.

Please let me know if you have any questions about this work or the Authority's work in connection with the reassessment.

Yours truly,

A handwritten signature in blue ink, appearing to read 'JO', followed by a horizontal line.
